

U19 Athlete – Marathon Training Diet Plan (Indian Food Based)

Time	Meal	Options (Choose 1–2)	Notes
6:30–7:00 AM	Pre-Morning Run Fuel	1 banana + 1 slice whole-wheat toast with peanut butter OR orange / pear + peanut butter sandwich Optional: small black coffee	Light fuel before running. Easy digestion. Avoid whey before running.
8:00–8:30 AM	Breakfast (Post-Training)	Vegetable omelette (2–3 eggs) + 2 idli + sambar OR 2 dosa + sambar + egg omelette OR chapathi (2) + egg bhurji + fruit	Restores glycogen and provides protein for recovery.
11:00 AM	Mid-Morning Snack	Roasted chana / peanuts OR paneer cubes (100 g) OR fruit bowl (papaya/orange) OR boiled corn	Controls hunger and maintains steady energy.
1:00 PM	Lunch	Chapathi (2) + chicken curry + salad OR rice (1 cup) + fish curry + vegetables OR veg thali (less oil) + paneer/tofu	Main balanced meal with carbs, protein, and fiber.
4:30–5:00 PM	Pre-Evening Training Fuel	Peanut butter sandwich OR banana + handful trail mix OR fruit smoothie (no sugar) OR boiled sweet corn	Provides energy for evening running or badminton.
7:00–7:30 PM	Post-Exercise Recovery	Whey protein shake + banana OR egg omelette + fruit OR chicken wrap (whole wheat)	Protein + carbs improve recovery after exercise.
8:30 PM	Dinner	Chapathi (1–2) + grilled chicken + vegetables OR fish + vegetable stir fry OR paneer/tofu stir fry + salad OR vegetable soup + omelette	Light but protein-rich dinner for recovery.
9:30 PM	Optional Night Snack	Warm milk OR handful of nuts OR dark chocolate (1–2 squares)	Only if hungry. Supports overnight recovery.
